

Artist Joel Griffith, left, with Tivoli Mayor Marcus Molinaro.

Paintings unveiled at Watts dePeyster Hall

Tivoli Mayor Marcus Molinaro and local artist Joel Griffith unveiled Griffith's "4 Paintings of Tivoli" at the Historic Watts dePeyster Hall. The village commissioned Griffith to paint four landscapes of village landmarks. The effort was paid for by con-

tributions raised from village sponsored arts events over the last two years.

Saying he was a "very fortunate boy," Griffith joined nearly 100 friends and admirers for the event. Molinaro presented him with a citation from state Sen. Steve Saland.

Dutchess County Arts Council President Benjamin Krevolin presented him with a certificate of recognition and the village named him "Painter Laureate."

The paintings will be on permanent display at the Historic Watts dePeyster Hall.

A Riot of Life

Artists take the best of nature and create a riot of life. View the best of nature's large birds and small birds in a room of nature. This is the most of nature and it is the most of life.

Cake of

There are many cakes of life and many cakes of life. This is the most of life and it is the most of life.
